GoodSeason

Win or lose, all we want is a **Good Season.**

ONE APP FOR THE WHOLE SEASON

Run your club, your league and every team in one place.

Good Season puts the schedule, the scorebook, the stats and the team conversation in one app that works in any browser. It works for any sport. A club holds divisions, and each division holds teams.

CLUBS · LEAGUES · COACHES · PARENTS

Schedule and RSVPs

Games and practices with saved locations. Families tap Going, Not going or Maybe, and get reminders. A private calendar link puts it all on their phone.

Live scorebook, even with no signal

Score every play. It keeps working with no signal and syncs when you are back online.

Box scores and stats

A box score after each game, as cards on a phone or a full table on a big screen.

Announcements

Post updates and questions to the team, see replies and who acknowledged, and edit when plans change.

Meal and snack rotation

See who is bringing the post-game snack and sign up for a turn. No more spreadsheet.

Game photos

Parents add the photos they take, and the rest of the team can see them. Photos are never public unless the family says so.

Club, then divisions, then teams

- **Club**
  - **Division A**
    - Team 1
    - Team 2
  - **Division B**
    - Team 3
    - Team 4

A Club Owner runs the club. A Division Head leads one division. A team can wait outside a division until you move it in.

Leagues

A league is separate from a division. Share a code. After the league confirms the club, teams show up with their coaches, games and scores. No player or family details are shared.

Built for kids' sports, private by design

- Kids do not get accounts. Parents manage everything.
- Other families never see your contact details.
- Works in the browser. Nothing to download.
- Coaches see allergies and emergency contacts.
- No ads, and nothing is sold.
- Add it to your home screen and it opens like an app.

Free while we build it.

Built with local teams. Good Season is made by a youth basketball coach and parent, and a youth travel basketball club is testing it now. We shape it around what clubs and coaches tell us they need, and it costs nothing while it is being built.

Want to try it with your club or team?

See more at get.goodseason.app. We read every note.
